Silhouette® FR Window Shadings

Silhouette® FR Window Sahdings combine the advantage of draperies and shades into a single beautiful window covering. Silhouette shadings have soft fabric vanes suspended between two sheers to produce the soft, elegant look of a sheer with the light control of a blind.

Recommended applications: Light-Dimming

FABRIC

• 3" Bon Soir™ Light-Dimming

KEY FEATURES

• Silhouette shadings retract into headrail for unobstructed views
• No cords run through the fabric to detract from its simple elegance.
• GREENGUARD Gold Certified for low-emitting products
• Passes NFPA 701 Small Scale Flammability testing
• For safety, EasyRise™ continuous cord loop and cord tensioner anchor cord at side of window or motorized shade without cord

Silhouette® FR Window Shadings

KEY FEATURES

Light Control

- Soft fabric vanes are suspended between two sheer fabric
- Vanes tilt for variable light control and privacy
- Transform harsh direct sunlight into soft light in a room
  while maintaning a clear view-through
- Provide protection from ultraviolet ray up to 88% with opened
  vanes and 99% with closed vanes
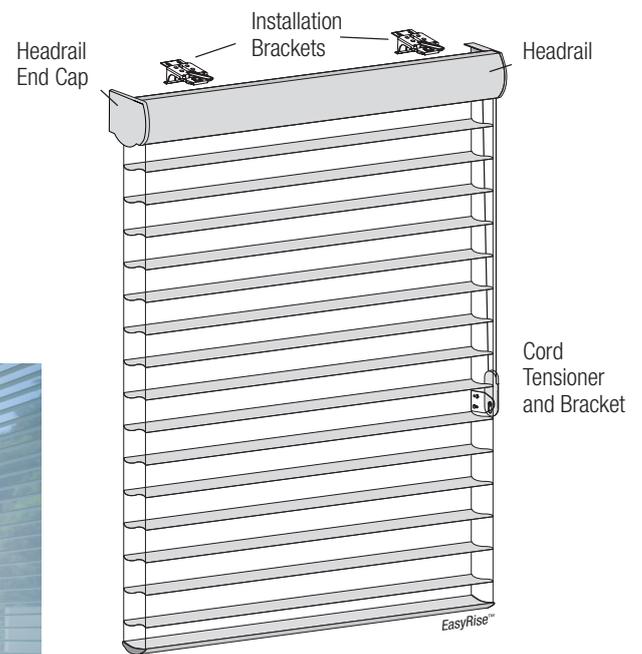

Anti - Moire Effect.

- Moiré occurs when two sheer fabrics obstruct view-through and create a visual "swirling effect" in the fabric.
- Silhouette® Window Shadings feature patented anti-moiré fabrics which offer better view-through.
